Date

Note: The Out-of-Province Transportation Subsidy Program does NOT cover meals, accommodations, car rental, taxi fares, parking fees, ambulance or other expenses associated with out of town travel.

Manitoba Health is unable to reimburse the federal Goods and Services Tax (GST) portion of airline tickets. However, patients can complete a "GST Rebate" application form and forward it with the original ticket(s) to the Canada Customs and Revenue Agency for consideration. If you have any questions about this, please contact the GST Winnipeg Office at 1-800-959-5525.
