Phone Number	Fax Number

Requirements and Resources

- **Only order a one month supply of vaccines at a time.**
 - The provision of Manitoba Health’s publicly-funded vaccines should be based on the Manitoba Health Immunization Schedule or on eligibility criteria (<http://www.gov.mb.ca/health/publichealth/cdc/vaccineeligibility.html>).
 - Vaccines for TRAVEL, OCCUPATIONAL HEALTH or EDUCATION PURPOSES are **NOT** covered by Manitoba Health (with the exception of Rabies vaccines for Occupational Health and Influenza vaccine for all Manitobans).
 - Please refer to the Manitoba Health CDC website at <http://www.gov.mb.ca/health/publichealth/cdc/index.html> for all Immunization schedules, information, and resources.
 - Vaccines are to be stored between **2°C to 8°C** in an appropriate temperature-monitored refrigerator. Refer to the Manitoba Health Cold Chain Protocol at <http://www.gov.mb.ca/health/publichealth/cdc/coldchain.html>.
 - **BAR FRIDGES SHOULD NOT BE USED FOR VACCINE STORAGE.**
- Note:** According to *The Public Health Act* patients are not to be charged for publicly-funded vaccines or administration.

I have read the “Requirements and Resources” section and have the proper storage and temperature monitoring procedures in place.
