

After School Leaders

Application Form – 2016

Email [Letter of Interest](#), [Proposal](#) and the completed Application Form to kate.mcneil@gov.mb.ca.

Manitoba’s *After School Leaders* program has been modeled from the After School Matters program in Chicago. ASL has been developed to provide positive after-school opportunities for youth facing multiple barriers. Participation in the program will assist youth in exploring career options and identifying an area that taps their potential and passion within the content areas of arts, science, technology, sports and communication.

For the purposes of this program, "after school" refers to any instruction or activities occurring during weekday evenings, weekends, in-services or holidays. Projects that operate during school hours are not eligible for this program
