

Primary Caregiver Tax Credit – Registration Form

Pursuant to Section 5.11 of *The Income Tax Act* (Manitoba).

Effective for the 2018 tax year, a refundable credit of \$1,400 may be claimed per year by individuals who act as primary caregivers.

INSTRUCTIONS FOR COMPLETING THIS REGISTRATION FORM:

Complete and keep the original of this registration form. Only complete 'Part B: Level of Care Equivalency' if required.

1. Submit a copy of the registration form to the Manitoba Tax Assistance Office.

2. The Primary Care Giver Tax Credit is claimable on your personal income tax return beginning in the year of registration.

Keep original copies of all relevant documentation in case it is requested by Manitoba Finance or the Canada Revenue Agency to substantiate your tax credit claim.

TO BE ELIGIBLE FOR THIS TAX CREDIT:

The care recipient must:

- be a resident of Manitoba;
- reside in an area under the jurisdiction of a Regional Health Authority;
- reside in a private residence (e.g., not a group home, foster home, hospital, or personal care home, in supportive housing, or on a reserve);
- assessed as having care level requirements equivalent to level 2 or higher (see below); and
- designate only one primary caregiver to claim this credit.

The primary caregiver must:

- be a resident of Manitoba;
- provide caregiving for longer than 90 days;
- personally provide care or supervision to the care recipient without reward or compensation of any kind; and
- not be the spouse or common-law partner of a person who receives compensation or reward for providing care to a qualified care recipient.

LEVEL OF CARE OR EQUIVALENT:

To be eligible, the care recipient must have been assessed to need care level requirements equivalent to level 2 or higher.

If an individual is assessed as having level 2 or higher care needs by Manitoba home care services operated by a Regional Health Authority or the Department of Families (Children's disABILITY Services or Community Living disABILITY Services), the care recipient has already been determined to have the equivalent of level 2 care needs and it is NOT necessary to complete part B of this Registration Form.

If an individual has not been determined to have level 2 or higher care needs by Manitoba home care services or the Department of Families, an equivalency of level 2 or greater may be determined by a doctor or nurse practitioner completing part B of this Registration Form.

Please direct any questions regarding this tax credit to the Manitoba Tax Assistance Office
at the contact information noted above.

PART B: LEVEL OF CARE EQUIVALENCY

To be completed by a doctor or nurse practitioner.

If the care recipient is not receiving Home care services in Manitoba operated by a Regional Health Authority, Children's disABILITY services, or Community Living disABILITY Services, their care needs must be assessed by a doctor or nurse practitioner. Complete either the Adult or Child section below, whichever applies.

ADULT: To be eligible, the care recipient requires care/assistance on a daily basis in Category 1 and in at least two of the three remaining categories, as outlined below. Check yes or no for each:

YES	NO	Care Category
<input type="checkbox"/>	<input type="checkbox"/>	1. (Required) Assisting and/or supervising with personal care such as bathing, feeding, dressing, grooming/hygiene, mobility, transfers, toileting/elimination, administration of medication.
<input type="checkbox"/>	<input type="checkbox"/>	2. Assisting and/or supervising with routine activities such as shopping, transportation, meal preparation, laundry, housekeeping.
<input type="checkbox"/>	<input type="checkbox"/>	3. Arranging for supports/system navigation/community access, such as recreational activities, support groups, medical follow-up, counselling.
<input type="checkbox"/>	<input type="checkbox"/>	4. Providing regular and sustained advice, decision-making or emotional support.

Doctor or Nurse Practitioner:

CHILD (under 18 years old): To be eligible, a child's care needs require assistance in Category 1 and in at least two of the three other categories below due to a significant life-altering and/or life-threatening medical condition that creates physical, cognitive, or behavioural barriers to the child performing activities of daily living and independent activities of daily living.

YES	NO	Care Category
<input type="checkbox"/>	<input type="checkbox"/>	1. (Required) Assistance and/or supervision with personal care such as bathing, feeding, dressing, grooming/hygiene, mobility, transfers, toileting/elimination, administration of medication: There is a requirement of extra personal care beyond what is required at the child's age (e.g. three years or older and unable to feed, transfer, or toilet self). Also, medical interventions are beyond what is usually expected of the age group (e.g. tube feedings, intramuscular injections, regular suppositories.)
<input type="checkbox"/>	<input type="checkbox"/>	2. Assistance and/or supervision with routine activities such as shopping, transportation, meal preparation, or laundry, housekeeping: These tasks are normally performed for younger children but may be considered if lifting or transferring equipment is required. For the pre-teen and teenage child, a serious condition that affects life and independence enhancing choices that are considered part of normal development, such as driving, shopping, or cooking may be considered.
<input type="checkbox"/>	<input type="checkbox"/>	3. Arranging for supports/system navigation/community access such as recreational activities, support groups, medical follow up, counseling: Medical condition(s) affect the child's ability to perform recreational, sports and other activities that are normally expected at their developmental age. The child requires additional time of the parent(s)/caregiver(s) or a substitute.
<input type="checkbox"/>	<input type="checkbox"/>	4. Providing regular and sustained advice, decision-making or emotional support: These functions are normally performed for, or in conjunction with, younger children; however, there are situations where additional supervision is required for some children's health and safety. Increased responsibility is expected in teenage years and can be significantly affected by a medical condition (e.g. where life choices such as driving and working are affected by the illness causing continued dependency on the parent/caregiver and or continuous adaptations of the home environment).
